2. If watch is stored in a dark place for 3 months; charge and resetting of the time will be needed.
3. 6 - 8 hours of charging are required for a full charge.

NOTE: Long-term storage in a non-lighted place can lead to battery power exhaustion. Watch must catch light as often as possible.

Water Resistance

See caseback for water resistance rating.

The water resistance rating provides guidelines for appropriate water-related exposure to avoid damage to internal watch components. Please see chart for recommended usage guidelines.

In order to ensure water does not enter the watch and cause damage to it, please follow the instructions listed below:

- Do not adjust the crown while the timepiece is in contact with water.
- Ensure the crown is in the closed position before contact with water. For timepieces with screw-down crowns, ensure the crown is completely tightened before contact with water.
- For timepieces with pusher-enabled functionality, do not engage the function underwater.
- Exposure to extreme atmospheres is not recommended (i.e. hot water, saunas or steam rooms).
- Avoid exposure to water moving with force (i.e. water running from a faucet, ocean waves or waterfalls).
- Avoid long exposure to salt water. After contact with salt water, rinse watch under tap water if rated 5ATM or higher and wipe dry with a soft cloth.

Two (2) Year International Warranty

The Fossil Two (2) Year Limited Warranty is a voluntary manufacturer's warranty. It provides rights separate to rights provided by consumer law, including but not limited to those relating to non-conforming goods. Fossil's limited warranty benefits are in addition to, and not instead of, rights provided by consumer law.

Your Fossil watch is warranted by Fossil Group, Inc.* ("Fossil") for a period two (2) years from the original date of purchase under the terms and conditions of this warranty. The Fossil warranty covers materials and manufacturing defects. A copy of the receipt or dealer stamp in the warranty booklet is required for proof of purchase.

During the warranty period the watch movement, hands and dial are the only components covered under this warranty. A covered component will be repaired or the watch will be replaced free of component and labor charges, if it proves to be defective in material or workmanship under normal use.

In case of replacement, Fossil cannot guarantee that you will receive the same model watch. If your model is not available, a watch of equal value and similar style will be provided. The warranty for the replacement watch ends two (2) years from the date the replacement watch is received.

THIS WARRANTY DOES NOT COVER:

- Any defects in materials and workmanship of battery, case, crystal, strap or bracelet; including plating on the case and/or bracelet.
- Damage resulting from improper handling, lack of care, accidents, normal wear and tear or aging.
- Water damage if care instructions for the product's water resistance level (as marked on the product) were not followed.
- Products that are not purchased from an authorized FOSSIL retailer.

This warranty is void if the watch has been damaged by accident, negligence of persons other than authorized Fossil sales or services agents, unauthorized service, or other factors not due to defects in materials or workmanship. The warranty is void if the serial numbers or product date codes or other tracking marks have been removed, altered or obliterated.

If not stated otherwise, the foregoing warranties and remedies are exclusive and in lieu of all other warranties, terms or conditions, express, implied or statutory, as to any matter whatsoever, including, without limitation, warranties of merchantability, fitness for a particular purpose, accuracy, satisfactory quality, title, and non-infringement, all of which are expressly disclaimed by Fossil. Fossil shall not be liable for incidental, consequential, indirect, special or punitive damages or liabilities of any kind arising out of or in connection with the sale or use of this product, whether based in contract, tort (including negligence), strict product liability or any other theory, even if Fossil has been advised of the possibility of such damages and even if any limited remedy specified herein is deemed to have failed of its essential purpose. Fossil's entire liability shall be limited to replacement or repair of the purchase price paid, at Fossil's sole option.

Some countries, states, or provinces do not allow the exclusion or limitation of implied warranties or the limitation of incidental or consequential damages so the above limitations and exclusions may be limited in their application to you. When implied warranties may not be excluded in their entirety, they will be limited to the duration of the applicable written warranty. This warranty gives you specific legal rights; you may have other rights that may vary depending on local law. Your statutory rights are not affected.

FOR AUSTRALIAN CUSTOMERS: Our goods come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure and for compensation for any other reasonable foreseeable loss or damage. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure.

REQUESTING WARRANTY AND OTHER WATCH REPAIR:

Should you require work under warranty, please send in your watch, a copy of your sales receipt and/or the warranty booklet with dealer stamp and a description of the problem to the authorized international watch service center closest to you. Visit <https://support.fossil.com>.

For service work that is not covered under this warranty, the service center may perform the services you request for a charge dependent on watch style and type of work requested. These charges are subject to change.

Do not send original packaging, as it will not be returned. Fossil highly recommends you insure your parcel and adequately protect the watch during shipment. Fossil is not responsible for product lost or damaged during shipment.

DISPOSAL OF OLD ELECTRICAL AND ELECTRONIC EQUIPMENT

The symbol indicates that this product shall not be mixed with unsorted municipal waste when disposed of. There is a separate collection system for waste electrical and electronic equipment. Usually old electrical and electronic equipment can be returned free of charge. For further information please contact the competent municipal authorities or the shop where you purchased the product. Correct disposal ensures that waste electrical and electronic equipment is recycled and reused appropriately. It helps avoid potential damage for the environment and human health and to preserve natural resources.

ENGLISH: Certain watch styles are fitted with lithium batteries which may contain perchlorate material – special handling may apply, see www.dtsc.ca.gov/hazardouswaste/perchlorate for more information.

ENGLISH: Any diamonds used in our products have been purchased from legitimate sources not involved in funding conflict and in compliance with United Nations resolutions. We hereby guarantee that these diamonds are conflict free, based on personal knowledge and/or written guarantees provided by the supplier of these diamonds.
